Department: City Development
Presenter(s): Ben Willsmore, Manager City Design
Session: Open to the public.

PURPOSE

The workshop will provide Elected Members with an opportunity to consider how to implement change, as part of Council's annual asset renewals, in order to achieve more accessible streets. The workshop will be presented as an overview, followed by a series of small group discussions on key topics.

This workshop is the third in a series that builds on the feedback provided by Elected Members at the previous two workshops held in 2023, which have in turn defined the issue and identified a series of appropriate design outcomes.
